3 TOP TIPS

above

Winner of the ACT 2009 MBA bathroom design & construction less than \$25,000 by Kitchen Link/Blackett Homes (Aust) Pty Ltd. Architect/designer Sugar Designs.

Bathroom design tips, courtesy of Sugar Designs interior designer Helen Tadiello.

1. Design for your lifestyle and aim to make the bathroom look bigger with practicality in mind. Use practical materials.
2. Use flattering, balanced lighting - an overhead light and two sconces (one light on each side of the mirror) are necessary in every bathroom.
3. When designing a master ensuite, if the bathing area is visible from the bed when the door is open, the decorative scheme should match the bedroom. However, if the ensuite is a separate area, indulge in a different scheme.

Cotto vitrified mosaic 22mm x 72mm tiles in ivory, charcoal, chocolate or black. TileFlair, Mitchell. (Colours to be used as a guide only).

ELEKTRA®

IN SCREED HEATING

For Tiles, Marble, Stone, Low Pile Carpet.
